Swagelok Southern California
325 Balboa Circle
Camarillo, CA 93012

Dear Steve,

Congratulations on the recent addition of San Diego | Orange Fluid System Technologies to your business. To assess the health of the newly merged quality system and ensure continued quality excellence to our customers, Swagelok will perform a recertification audit with a September 2022 targeted date. Following the audit and closure of any required corrective actions, a new certificate will be issued to your business including the new branch as a qualified site.

Given the audit history of San Diego | Orange Fluid System Technologies we are confident in that branch's ability to continue to operate under Swagelok's Quality System and will consider the site as an extension of the certification currently held by Swagelok Los Angeles (now Swagelok Southern California) until the new certificate is issued.

Please do not hesitate to reach out with questions.

Sincerely,

DocuSigned by:

E8007281E45D47A...

Jay Nordholt
Vice President, Continuous Improvement and Quality
